Invitation NLD

Date:

12-6-2009

Subject:

NAVRO-launch day NLD30

Dear Sir, Madam,

Thursday 3 and Friday 4 September another launch day (NLD) is planned on the "Artillerie Schietkamp ASK 't Harde" (near Zwolle). On this NLD several amateur and HPR rockets will be launched. Besides NAVRO members, guests are welcome. Anyone who wants to visit the NLD will have to send a completed application form to the NAVRO before 1 august.

NB. Members of the pers had to applicate separately to the NAVRO.

Program Thursday

Thursday the launch area will be prepared by NAVRO members. Anyone who has been accepted for launching a rocket must be present on the ASK at 13:00 hr. At this time the technical inspection and the preparations of the rockets will start. Following this there will be a dinner. It is no longer possible to eat and sleep on the ASK. Therefore at the end of the afternoon we will go to a hotel nearby the ASK. Details about the hotel will follow as soon as possible.

Program Friday: Launch day

Anyone arriving on Friday is expected on the ASK between 9:00 and 9:30 hr. Follow the NAVRO signs and report yourself at the NAVRO-command post.

At 9:30 hr the launch program will start.

To launch a rocket yourself

Anyone who wants to launch their own rocket must send an email to nld@navro.nl to request for an "Application Form Rocket Launch" (AFR) and fill out this form and return it to the NAVRO. The application form has to be in possession of the NAVRO before 1 August. AFR's will be dealt with following the principle of "first in first launch". After accepting your AFR, NAVRO will send you a "Rocket Specification Form" (RSF). You have to fill out this form and return it to the NAVRO. This is due to the fact that launches are strictly bound to the NAVRO safety rules. The RSF must be returned to the NAVRO before 8 August. Due to the technical inspection of the rockets you have to be present on the ASK at Thursday 13:00 hr.

Costs

Participation cost for the NLD are:

- NAVRO members / contributors: € 5,00
- Guest: € 7,50
- Guest who launch their own rockets will have to pay a launch fee of €15,00 per rocket.

Costs have to be paid at arrival.

Diner and accommodation:

Because it is no longer possible to eat and sleep on the ASK the NAVRO committee will look for a hotel in the neighbourhood of the ASK, details will follow as soon as possible but the general idea will be:

- Bedrooms for two persons (on assignment), single rooms only on special request
- The "classic" pleasant NAVRO evening will also be at this hotel, probably with the NERO
- Costs, including diner, staying and breakfast: around € 60,- per person

Important:

- At the entrance of the ASK you have to report by the military guard with a valid passport or identification paper.
- Application forms for visiting the launch day must be returned to the NAVRO before 1 August.
- Application forms for rocket launch (AFR) must be returned to the NAVRO before 1 August.
- Rocket specification forms (RSF) must be returned to the NAVRO before 8 August.
- Anyone who launch their own rockets must be present on the ASK at Thursday 13:00 hr for inspection of the rockets.
- NB. Members of the pers had to applicate separately to the NAVRO.

Forms received after the mentioned dates will not be processed.

Without an accepted application form there is no admission to the NLD and it will not be possible to launch a rocket!

On behalf of the NAVRO,

G.J. Ligthart
Chairman / senior-supervisor safety

Application form for spectators or participants to the NAVRO Launch day at the Artillerieschietkamp ASK 't Harde
